Brad Sassack, Principal

11/15/2020

Dear Hiller Elementary School Community,

We have been notified of a COVID-19 case of an individual who last attended Hiller Elementary on the morning of November 9, 2020. The individual began exhibiting symptoms on November 10, 2020 and was tested. The results of the test were received on November 15, 2020. The only staff member deemed to be a close contact (6 feet or less for 15 minutes or longer with or without a mask) to this individual has been notified and will receive specific guidance on next steps. This communication is for your awareness and you do not have restrictions according to the Oakland County Health Department.

COVID-19 is a contagious viral illness that spreads in the air through coughing, sneezing, and talking. Recent information suggests COVID-19 is spread by people who are not showing symptoms. It may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it, then touching their own mouth, nose, or possibly their eyes. Symptoms include fever, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or runny nose, nausea or vomiting, and diarrhea.

For additional information regarding COVID-19, please visit the OCHD website at <https://www.oakgov.com/health>. If you have any questions, please feel free to contact Brad Sassack (248-589-0406) or Greg Fuller (248-589-1990).

Sincerely,

Brad Sassack & The Lamphere Schools Central Office Administration
